THE YEAR IN REVIEW

OFFICE OF CONSUMER PROTECTION

This office is responsible for assuring that consumers are treated by the licensees of the Insurance Bureau in a manner that is fair and in accordance with the requirements of the Michigan Insurance Code. Each of the three divisions within this office has a responsibility for a certain program area designed to maintain fair trade practices and to protect the consumers in the insurance transaction area.

The administrative staff develops legal notices of allegation of violation of the statute based on the investigations of the three divisions, and prosecution of compliance actions is instituted accordingly. During 1979, 69 new compliance actions were instituted, 44 compliance actions were closed, resulting in disciplinary actions which ranged from formal reprimand to revocation, and fines were assessed totalling $13,900.

Consumer Assistance Division (CAD)

This division attempts to help consumers who have experienced problems with their insurance or who have questions regarding their insurance and coverages. CAD is often able to mediate between the consumer and the company to the advantage of the consumer. During the calendar year of 1979, CAD received 2,561 inquiries, 7,487 written complaints, helped 1,691 "walk-ins", and responded to 42,857 telephone inquiries. Through the efforts of CAD, there was a monetary return to consumers (in the form of claims paid and premiums returned) of approximately $1,766,118.

Investigation Division

This division is charged with the responsibilities of investigating allegations of violation of the Insurance Code (as well as related codes) by insurance agents, counselors, and adjusters. During 1979, three investigators performed 133 field investigations which resulted in numerous disciplinary actions.

Also received and processed were numerous ISO (Insurance Services Office of Michigan) criticisms which resulted in 27 notices to the particular companies, 17 of which were closed without penalties and 10 of which resulted in fines totalling $250.

Marketing Practices Division

This division is charged with the responsibility of examining insurers for compliance with the Insurance Code, especially Chapter 20 which deals with unfair trade practices. Companies are targeted for auditing when the number of complaints received by the Bureau against that company exceeds a ratio based upon the volume of business by that company in Michigan. During 1979, the three examiners performed seven audits which averaged eight weeks in length.

OFFICE OF HEALTH INSURANCE

This office is responsible for administering all laws, rules and regulations pertaining to non-profit prepaid health care corporations operating in the State. These corporations include Blue Cross and Blue Shield of Michigan, Delta Dental Plan of Michigan, and eleven health maintenance organizations.

Blue Cross and Blue Shield of Michigan (BCBSM) provides health care service benefits to approximately 60% of Michigan citizens. They also administer the Medicare program for the federal government. The corporation's income in 1979 exceeded $3.4 billion, showing growth of 9% over 1978. The Office of Health Insurance monitors BCBSM activity closely, especially cost containment efforts. No rate increases were granted in 1979. Mounting concern about BCBSM's ability to respond to consumer needs resulted in

legislative efforts to reform BCBSM. HB 4555, which was recently signed by the Governor, represents the best efforts of several reform groups to increase the accountability of the Corporation's directors, provide subscriber control, and assure that BCBSM actively promotes the goals of reasonable cost, quality care, and access to that care.

Delta Dental Plan of Michigan (DDPM) saw continued growth in 1979. With over 1.5 million subscribers serviced by 4,200 participating dentists, DDPM income grew 21% over 1978 levels, while claims grew by 10% to over 2 million. In 1979, DDPM paid over $105.3 million in benefits, up 18% from 1978. Delta Dental successfully renewed all previous auto company business, and added over 260 new general groups covering 100,000 subscribers.

Health maintenance organizations (HMO's) continued to make significant inroads against traditional "fee-for-service" arrangements. Two new HMO's were licensed in 1979, and four were renewed. There are now eleven HMO's operating in Michigan, with total annual subscription income of $93.5 million, and over 217,000 subscribers. HMO's will continue to offer a viable alternative in health care delivery as long as they can maintain control of utilization and reduce the need for hospitalization of their members.

OFFICE OF INDUSTRY STANDARDS

This office addresses statutory mandated regulation to assure that insurance companies can meet their contractual responsibility to policyholders when claims are submitted. In regulating for solvency, company financial records are audited, analyzed and examined, and rate and policy form filings are evaluated to assure the availability of essential insurance.

Financial Standards Division

This division's primary responsibility is conducting financial examinations on site of insurers licensed in the State of Michigan so as to assure continued company solvency and compliance with statute, thereby protecting the insurance-buying public. In addition, the division is responsible for the annual valuation of reserves of domestic life insurers and alien life insurers using Michigan as a port of entry state.

In 1979, the Bureau's staff of 13 examiners participated in 22 examinations: 20 of the companies domiciled in Michigan, two of which were conducted under the auspices of The National Association of Insurance Commissioners with examiners from other states participating, one Canadian company using Michigan as its port of entry state, and one association examination of a company incorporated in another state and authorized to do business in the State of Michigan.

Financial Analysis Division

Every insurer licensed to transact insurance in the State of Michigan is required by statute to file a detailed financial statement covering the preceding calendar year on or before March 1 of each year. This division is responsible for analyzing 1,300 detailed annual financial statements each year, as well as less detailed quarterly statements from many of those companies. Also audited are statements filed by unlicensed companies filed under the surplus lines provisions of the Michigan insurance laws. An analysis is performed in order to determine financial solvency and to ensure compliance with the various statutory requirements.

This division also audits, reviews and makes recommendations regarding applications for new admissions, mergers and formation of new companies.

The Financial Analysis Division is responsible for administration of the Premium Finance Act. As of December 31, 1979, there were 38 premium finance companies licensed in Michigan.

Market Standards Division

This division assures that rates for insurance policies marketed in Michigan are not inadequate, excessive, nor unfairly discriminatory, and that benefits are reasonable in relation to the premium charged. Insurance contracts are examined for statutorily required clauses and to make sure they are not ambiguous or misleading.

During 1979, 6,059 property and liability rate and form submissions were acted upon. In addition, 16,064 individual policy forms and 11,246 individual risk filings were approved.

The surplus lines computer system was implemented and the first reports were produced for surplus lines agents' placement affidavits submitted during 1978. Staff received and processed 28,414 affidavits and premium tax payments totalling over $1.5 million during 1979. New surplus lines licenses were issued to 21 agencies.

During 1979, 6,838 life and health policy form or rate filings and 1,081 advertising pieces or marketing plans were received. In addition, 2,547 miscellaneous filings were received such as lists of exempt forms, Accident & Health experience exhibits, Discretionary Group Life annual reports.

OFFICE OF LICENSING AND ADMISSIONS

Overall supervision of company admissions and agent licensing policy is the primary responsibility of this office. It is also assigned liaison and monitoring responsibility for the Workers' Compensation Assigned Risk Pool, the Michigan Automobile Insurance Placement Facility, and the Michigan Basic Property Insurance Association.

Agency Licensing Division

Insurer Licensing Division

This division is responsible for supervising all corporate activities such as application by foreign and alien insurers for admission to Michigan, for amended authority in Michigan and for the organization of new Michigan domestic companies. It is also responsible for maintaining corporate files into which are placed original copies of activity affecting insurance companies licensed in Michigan. The following summarizes the activities of this division:

OFFICE OF POLICY & COMPLIANCE

This office performs staff functions in the Insurance Bureau. The Hearings Division conducts administrative hearings on a variety of topics ranging from alleged violations of the Insurance Code by licensees, to rate filing reviews, to consumer assistance matters. Actuarial services are provided to other units by the Office of Actuarial Analysis and Research, which also is developing computerized information systems to monitor selected insurance markets.

The Consumer Protection and Malpractice Arbitration Division administers the arbitration program established by Acts 140 and 141 of the Public Acts of 1975, and performs research and makes policy recommendations in the area of minimum standards for life and health insurance, malpractice insurance, Medicare supplementary insurance, dread disease policies and other related topics. The Policy Division analyzes current problems encountered by the Insurance Bureau in its regulatory role and develops recommendations for dealing with these problems, particularly in implementing the Essential Insurance Act.

These latter two units develop rules, bulletins and guidelines which convey the Insurance Commissioner's policy positions and interpretations of the Insurance Code. Taken as a whole, these components work to articulate a regulatory policy to be applied to the business of insurance, and to join with other areas of the Insurance Bureau to enforce that regulatory policy.

RECEIVERSHIP DIVISION

Insurance companies doing business in the State of Michigan which become insolvent are taken over by the Commissioner of Insurance as the statutory receiver to rehabilitate or liquidate as ordered by the Circuit Court of Ingham County, State of Michigan. The Commissioner of Insurance, being accountable to the court for the receiverships, is empowered to appoint a deputy receiver to act as the commissioner agent, and to employ counsel as may be necessary to administer the estates. The cost of such administration is charged against each respective receivershp and therefore, the Receivership Division operates at no expense to the State of Michigan.

The Receivership Division performs the following functions in accordance with statutory authority: marshalling of assets of insolvent insurers; the evaluation of claims filed by all interested parties in order to determine the total claim liability against the insolvent insurer; the investment and conservation of all assets to insure maximum dividend distribution to all policyholders, claimants and creditors of the insolvent insurer.
